Cleanliness and Sterilization are important aspects of offering a safe, sanitary environment to those with compromised immune systems. It is also important for the protection of our facilities and employees. For that reason we are not allowed to accept anyone who may be experiencing any infectious diseases or conditions. Looking and Feeling FAB, Inc. has the right at its discretion to approve or deny anyone complimentary services. However, we believe in equal rights and no one will be denied based on their ethnicity, gender, religious beliefs, handicap, etc.

I confirm that I understand all the guidelines, terms and services of Looking and Feeling FAB, Inc.. I have entered all information above with truthful and honest answers, providing information to the best of my ability.

About Us

Looking and Feeling FAB, Inc. provides comfort and relief to those with cancer, through integrative therapies, alleviating side effects and improving quality of life. We are a nonprofit 501(c)(3) Public Charity that employs licensed Aestheticians and Massage Therapists who are Oncology Trained. We use safe chemical free products, combatting skin side effects such as rashes, burns, itchiness, redness, severe dryness, scars etc. that develop from surgery, chemotherapy, radiation and non cancerous medications. Our charity was founded by a local Aesthetician, Holly Brown, who underwent chemotherapy infusions for Multiple Sclerosis and Sarcoidosis and saw how it damaged her skin. Looking and Feeling FAB, Inc.s "Wellness Program" was created to provide customized treatments, products and education to those who medically and financially qualify.

How the Program Works

Those wishing to apply must fill out the application and have the medical release form signed by a medical professional. Once completed, client should call to schedule first appointment. 1st treatment will be 1/2 hr history intake, 1/2 hr treatment and client will receive a FAB kit of products. The client is then entitled up to 4 complimentary treatments, choosing between facial or massage. An educational session on a varied number of important topics is also included. Participants are encouraged to continue with reduced cost treatments when complimentary ones have ended.
